

Software and Graphical User Interface

Included with every **PICOSCALE** is an extensive software bundle with drivers, libraries, LabVIEW® VI's as well as a variety of supplementary documents. All functions of the device are explained in the **PICOSCALE** User Manual and the most common applications are explained in short User Guides. If you still need support, please do not hesitate to contact our well-trained technical sales team. Every **PICO SCALE** is delivered with a graphical user interface to configure the device. All firmware modules can conveniently be addressed with a few clicks. Furthermore, all data sources can be monitored in customizable panels. The data can be directly displayed in a time series or pre-processed to show spectra or spectral densities, for example. The open sources software delivered with every **PICOSCALE** device eases the use and simplifies your work.
